

Daily Article (Bharath's Reading list) - Answers and Explanations 15.02.2024

Article link : [Link](#) (India's beach paradise Goa is overrun with digital nomads)

1. How, according to the article, are Indian tech workers, foreign digital nomads, and other professionals changing Goa?

- A. Due to the influx of outsiders, several restaurants, Airbnbs, and hotels have opened up
- B. Real estate construction has boomed and rents have risen
- C. Many businesses have benefited from the influx but prices too have risen everywhere
- D. All the above

Explanation : D

All given points are mentioned in the article.

2. Which of the following is not a reason why startup founders, according to the article, have been drawn to Goa in the recent years?

- A. Reduced business costs
- B. Digital nomad visa program
- C. Lower salaries
- D. Better quality of life

Explanation: B

The digital nomad visa program has not yet been launched: 'The state government wants to launch a digital nomad visa program...'

3. All the following are reasons why Goans lament their state's rapid growth except:

- A. They have to contend with skyrocketing prices fueled by out-of-town salaries that eclipse their own
- B. Ubiquitous construction projects fuelled by demand for luxury apartments by professionals have made difference in stratas quite visible, unlike earlier
- C. New businesses don't necessarily provide jobs for locals as there is a mismatch between the skills people have and those that newly arrived companies seek
- D. Goa's rise as a tech hub may reverse in the next few years further affecting the already high unemployment rate in the state

Explanation: D

All options except D are true, based on the article. The article states that Goa's rise as a tech hub is unlikely to reverse.
