Saturday	Track 1
Monday & Wednesday	Track 2 & 2A
Thursday	Track 3
Friday	Track 4
Final Revision	Revision Track

The Following tables shows the different tracks that will be followed:

- Track 1
- Track 2, 2A
- Track 3
- Track 4

Important Info: One can join the classes and learn the entire syllabus about 1.5 times by joining in July and early August. Further the joining date is from July, closer is the student to learning 1x time the full course (and not 1.5x). Last intake for the batch will be by the end of August. Goes without saying that, further the date of joining, faster will be the pace of the course completion as we get close to the exam (by having more classes per week).

In case of any doubts, feel free to reach out to us at 99626-48484 or 94459-38484.

Note : The Timings and Classes are tentative and subject to change.
